

STUDENT RECOGNITION- AN MHS PRIORITY

Marshfield High School likes to celebrate all the good that students and staff bring to the building. Each week, a different academic department nominates students as "Top Tiger".

These students work through life's trials and tribulations and are respectful, responsible and commit to achieve through the process.

Staff will take time to nominate a class of the week. For these nominations, staff look for classes that work together as a whole. Each student in these classes works with their peers to make the learning process enjoyable and successful for everyone involved.

MHS STUDENTS EXPLORE THE WORLD OF HEALTH CARE

Seniors enrolled in Health Career Connections started their Semester 1 rotations on September 10. During this two-period block class, students interested in pursuing a health career report to various healthcare facilities in our community.

While there, students will gain insights into skills required for success in health careers and have a glimpse into the daily responsibilities of healthcare professionals. The photo includes students who started their semester-long Marshfield Medical Center rotation.

HOMEcoming HYGIENE DRIVE

MHS students were challenged to give back to our community during Homecoming week by donating personal hygiene items that will benefit students in the School District of Marshfield.

PICKLEBALL COURTS BRING FUN TO THE COMMUNITY

The School District of Marshfield celebrated the completion of the Forward Bank Pickle Ball Courts with a Ribbon Cutting Ceremony on August 29, 2024. This ceremony was a culmination of the 2nd Serve Campaign and to recognize the contributors of this campaign, led by Kurt and Ann Boson. It has been almost two decades since Kurt and Ann led the Marshfield NOW Tennis Campaign to construct the eight (8) tennis courts at the J.B. Boson Tennis Complex.

Why Pickle Ball Courts? Pickle Ball is the fastest-growing sport in the U.S. The sport attracts people of all ages and backgrounds to play this fun recreational and competitive game and will enhance the curricular offering at the high school. Pickle Ball is played on a smaller court with lower nets than normal tennis facilities. This addition will better serve our communities students, as well as, our tennis and new pickleball players.

The Forward Bank Pickle Ball Courts again demonstrate the community's desire and support to create excellent facilities within the Marshfield Community. Thank you to all our donors, supporters, and users of this new addition to the Marshfield High School Campus.

MHS REPRESENTS AT THE CENTRAL WI FAIR

The Marshfield FFA was well represented at the Central Wisconsin State Fair. Here are a few of the highlights of approx. 60 Marshfield FFA members exhibiting and participating.

Adam Potts and Lauren Boon had Grand and Reserve Champion Steers.

Showmanship Contest saw Mallory Cepress as a runner-up and Emma Kundering and Adam Potts were finalists.

The Marshfield FFA won the Dress A Cow Contest with creative thinking abounding!

MHS STUDENTS ATTEND WI EDUCATION FAIR

On Tuesday, September 24 about 40 juniors and seniors attended the Wisconsin Education Fair at Mid-State Technical College in Wisconsin Rapids.

This field trip provided students with access to over 100 colleges, universities, military branches, and specialty schools to help them learn more about post-secondary options

ENRICHING OUR COMMUNITY ENVIRONMENT

Mr. Heeg's Plant & Soil Science students are part of a team effort that planted a pollinator garden in the Marshfield Outdoor Learning Sanctuary (MOLS) in September.

The Marshfield Outdoor Learning Sanctuary is located at 905 Tiny Tiger Court and is utilized frequently by Madison Elementary School and Marshfield High School students.

However, all are welcome to enjoy MOLS!

MCLA STUDENTS PLAN FOR POSITIVE SCHOOL CULTURE

Students from MCLA participated in our annual planning retreat in October. We had great discussions about ideas for engaging students, educating peers on mental and health substance abuse, and building positive school culture. Our chosen theme for the year is "Be Kind to Your Mind. You will see that theme threaded into various events and messaging. We look forward to a productive year!

CAREER EDUCATION SPEAKERS BRING A WORLD OF POSSIBILITIES TO MHS STUDENTS

Guest Speaker, Emma Hinker from the School of Medicine & Public Health at UW-Madison came to MHS on September 23 to talk with students about careers in the health science career cluster.

This included physician assistant (PA), doctor of medicine (MD), doctor of physical therapy (DPT), Master of Genetic Counselor Studies (MGCS), and Master of Public Health (MPH).

MHS DRAMA CLUB TAKES ON NEW YORK CITY

The drama club had a busy summer starting with the exciting news that the Spring Musical, "Anastasia" received an Overture Center for the Arts Jerry Award for Outstanding Musical! This award is the highest achievement that a program can receive in the state, with only 15 shows receiving this award.

In addition, Campbell C., junior, received the Outstanding Performer Award for her character in the musical.

The students in drama club also had an amazing trip to NYC and Broadway in June! While staying near Times Square, students learned to navigate the subway, saw historical sites like the Statue of Liberty, and Hudson Theater (Broadway's oldest theatre that is still standing), the Metropolitan Art Museum, the Museum of Broadway, Rockefeller Center and Central Park.

In addition, students had a performer-led choreography session from a member of the cast in the Broadway show "Romeo & Juliet", and attended two Broadway shows, including "The Great Gatsby".

Our Spring Musical will be announced at the end of January – but it will be another showstopper indeed!

STAFF DEVELOPMENT- HELPING STUDENTS REACH THEIR POTENTIAL!

During the summer, staff worked together on professional development and plans for when the students were back in the building. All of the work that goes into the summer planning is to help students be the best that they can be for the school year and beyond.
